### **Declaration of Compliance - Registration, Evaluation, Authorisation and Restriction of Chemicals: 1907/2006/EC**

Silvergate Plastics are continually in communication with its supplier base and can declare that all current and future products as supplied to our customers currently and, in light of any/all future regulatory updates/amendments, will continue to be fully REACH compliant. Should any deviation to this statement be found with regard to any product, then the affected Customer will be made aware immediately.

With regards to the ECHA's Candidate List and the subsequent inclusion of identified SVHC's into Annex XIV of the Regulation, Silvergate can also declare, with the exception of potential trace amounts that may be present due to natural contamination of raw materials supplied to us, products supplied and manufactured on site at Wrexham at your companies request, do not contain any substances identified in the SVHC List. Should this change for any specific group of products purchased, customers affected will be notified immediately.

We commit to monitor ECHA's Candidate List on a regular and timely basis and also monitor any legislative changes that may take place. We subsequently commit to our Customers, without any undue delay, should these changes in any way impact on the declarations made above and/or the continuation of supply of REACH-compliant products, that they will be informed immediately.

The current list of all SVHC can be accessed via the link:

<http://echa.europa.eu/web/guest/candidate-list-table>

### **Signed on behalf of Silvergate Plastics**

A handwritten signature in black ink, appearing to read "Simon Coulson".

**Simon Coulson**  
Quality Manager

*This information is given in good faith to the best of our current reasonable knowledge, taking into consideration current status of technology as generally applied in the industry. For updates/more information, visit [www.silvergate.co.uk](http://www.silvergate.co.uk). Nothing in this communication is (or should be taken as) a warranty (express or implied). No representation, assurance or undertaking is made. No liability is or will be accepted by Silvergate Plastics in relation to the adequacy, accuracy, completeness, reasonableness of this communication. All and any such liability is expressly disclaimed. In all cases it is your responsibility to determine the applicability of the information and recommendations and the suitability of the products described for any particular purpose. Silvergate Plastics products are provided only for manufacturing, processing, formulation, and other such activities. You have full responsibility to use products consistent with safety and technical data sheets. Once a Silvergate Plastics product is within your custody/control, you shall have full responsibility for and liability arising out of its storage, handling, transportation, sale, use, reuse, recycling and/or disposal, and of any derivative product, coproduct, by-product or waste product therefrom, including the use of any such product alone or in combination with other substances, and compliance with any laws or regulations relating thereto. This is not a) a license under any intellectual property right of any entity; or b) a recommendation or authorization to action that infringes any intellectual property right. Unless otherwise agreed in writing and signed by the parties, all sales are subject to the Silvergate Plastics standard terms and conditions of sale.*
